

NIBP Cuffs

Manguitos PNI

1T & 2T SERIES

Reusable Non Invasive Blood Pressure Cuffs, 1 & 2 Tubes

Manguitos reutilizables de presión arterial no invasiva en 1 y 2 tubos

The Megos family of reusable blood pressure cuffs lets deliver customized care for virtually all of automated and manual NIBP

monitoring needs. The highly durable system of cuffs and adapters connects to virtually any NIBP monitor. Choose from a wide variety of single- and double-hose models. All are available in a range of AHA-compatible sizes. All are easy to use and maintain. Our durable single- and double-hose cuffs feature antimicrobial treatment and latex-free design for total patient safety.

La familia Megos de manguitos reutilizables de tensión arterial proporcionan un cuidado individualizado para casi todas las necesidades de monitorización automática y manual. Los sistemas de manguitos de larga durabilidad y conexiones permiten trabajar con cualquier monitor PNI. Puede elegirse entre una amplia gama de medidas compatibles con AHA. Son sencillos de utilizar y mantener. Los manguitos de uno y doble tubo se caracterizan por su tratamiento antimicrobiano y su diseño libre de latex para una seguridad total del paciente.
